Students were able to gain knowledge about the research work like Synthesis of organic compounds, column chromatography, TLC and Instrumentation in chemistry. All the staff and IV semester students of Chemistry major visited the research lab.

KUPPAM BADUR ZILLA PARISHAD SCHOOL

The students of Social Work visited Kuppam badur zilla parishad school and Nadavaluru Primary School to practice School social work which is an integral link between school, home, and community in helping students achieve academic success. They work directly with school administrations as well as students and families, providing leadership in forming school discipline policies, mental health intervention, crisis management, and support services. As part of an interdisciplinary team to help students succeed, school social workers also facilitate community involvement in the schools while advocating for student success. In spite of the recognized importance of schooling, many children do not get enrolled in school or drop-out of it due to poverty or other reasons. In such cases, effort is made to teach them by alternative means, such as non-formal classes or later through adult education programmes. For them as well, the goal of education remains more or less the same. Social worker and educator have common goals. Both aim to bring about holistic development in all learners, so that they become productive adults. Social worker can offer, even to the most caring educator, new appropriate ways of handling children. Social worker focuses on individual child and his environment, while for the educator, the progress of the group and class discipline is most important.

FIELD VISIT FLORA OF JUNGLE BOOK, KAPILATEERTHAM, TIRUPATI ON 24TH MARCH 2026

The Department of Botany organized an educational field visit to the Flora of Jungle Book, Kapilateertham, Tirupati on 24th March 2026 to explore the natural vegetation and biodiversity of the region. Dr. B. Jyothi, D. K. Bhavana, and the Botany Honours students actively participated in the field trip.
