

Om Namo Venkatesaya!

A warm welcome to one and all.

It is with great pride, and a deep sense of gratitude I take up the responsibility of Principal of the renowned **Sri Padmavathi Women's Degree & P.G. College (Autonomous), Tirupati.**

Our college has a rich history of more than seven decades. It was established with the noble vision of providing education and empowerment to the women of the Rayalaseema region. Over the years, many of our students have achieved success all around the world with confidence.

Sri Padmavathi Women's College is not just a place of learning. It is a place where young women discover their abilities, pursue their dreams and prepare themselves for life. Our dedicated faculty and non-teaching staff have always been the strength of this institution, and their commitment has helped the college earn a strong reputation.

As we move forward, my vision is to strengthen our commitment to **academic excellence, research, innovation, skill development, technology, discipline, values along with spiritual quotient for holistic development**, along with compassion and socially responsible women.

I strongly believe that education is not only a tool for carrier but also prepare the student to face the challenges of a rapidly changing world. Therefore, it is necessary to create an inclusive and inspiring campus where every student feels respected, supported and encouraged to dream beyond limitations.

Our future success will depend on teamwork. I look forward to working closely with our faculty, non-teaching staff, students, parents, alumni, TTD management and all other stakeholders to take our college to greater heights. We are also grateful to the **TTD management** for its continuous support, particularly in providing excellent infrastructure and facilities for the college and hostels.

Together, let us build a future where every young woman is empowered to learn, lead, innovate and inspire.

Thank you.

Om Namo Venkatesaya!
